

Improve Bridgeport Knee Mill Performance with Genuine Bijur Delimon Parts

WHY BUY GENUINE BIJUR DELIMON PARTS?

- Genuine Bijur Delimon components will provide you a better experience without the disappointment, hassle and expense of a poor fit.
- Inventory available for immediate shipment.
- Quality Bijur Delimon components from the originator of single line resistance systems.

Adding a Bijur Delimon lubrication system increases equipment life by decreasing wear on vital components. Lubrication systems safely and continuously supply lubricant while your machine is running.

PROVEN QUALITY, RELIABILITY AND ACCURACY.

- Bijur Delimon Single Line Resistance Systems are compact, economical and simple to operate and maintain.
- A precisely controlled discharge of oil is delivered to each point while the machine is in operation.
- The system provides a clean film of oil between critical bearing surfaces to keep friction and wear to a minimum. Box ways and seal wiper life are extended and production efficiency is maintained.
- The Bijur Delimon customer service and sales teams are highly trained and provide a faster response to your needs. Please contact us with any design or operational questions.
